- ✓ In-app messaging with GPs

KEY ESG software and experts support GPs and portfolio companies with their ESG implementation, no matter where they are on their ESG journey

We apply ESG best practices

KEY ESG experts help you design your ESG program in the KEY ESG platform. With our software, you learn how to stay on par with your peers and follow industry best practice.

We understand your needs

KEY ESG was built by PE professionals who understand GPs' and portfolio companies' needs and challenges. Our software makes ESG fit in with ongoing business objectives.

We help you get started

KEY ESG experts provide onboarding support to both GPs and portfolio companies, guiding them from selecting the right metrics to tracking them.
